Sir:

It is requested that a Certificate of Correction be issued correcting minor printing and typographical errors appearing in the above-identified U.S. patent. A listing of the errors to be corrected is submitted concurrently herewith in the form of a proposed Certificate of Correction.

As some of the listed errors are due to Applicant's inadvertent mistake, payment in the amount of \$100 is submitted concurrently herewith to cover the fee set forth in 37 C.F.R. §1.20(a). If the U.S. Patent and Trademark Office determines that any additional fees are required, the Commissioner is hereby authorized and requested to charge any deficiency and/or credit any refund owed to Deposit Account No. 13-2725.

Other errors now sought to be corrected are the following Patent Office errors. For clarity, the Patent Office errors are as follows:

At claim 1, col. 21, line 65: the issued patent recites "NH2" but page 2 of the Response and Amendment filed March 25, 1998 (copy enclosed as Exhibit A) shows that the claim should recite "NH<sub>2</sub>".

At claim 1, col. 22, line 60: the issued patent recites "R<sup>6</sup>" but page 3 of the Response and Amendment filed March 25, 1998 shows that the claim should recite "R<sub>6</sub>".

At claim 5, line 16: the issued patent recites "Rsn" but page 3 of the Response and Amendment filed March 25, 1998 shows that the claim should recite "Asn".

At claim 5, line 22: the issued patent recites "AsH" but page 3 of the Response and Amendment filed March 25, 1998 shows that the claim should recite "Asn".

Correction of the listed errors does not involve new matter or require reexamination. Accordingly, the patentee respectfully requests that the proposed Certificate of Correction effecting the requested corrections be granted.
